

## What Makes EMF-X Secure Great?

Patented EMF-X Secure is superior in its ability to provide all encompassing EMF protection by harnessing harmful radiation frequencies and neutralizing them. How do we accomplish this? Partly due to Grounding.

Each individual component of your EMF-X Secure System contains various patented technology including antennas to capture disturbing frequencies, filter them and safely ground & release them. This is an absolute necessity when attempting to neutralize harmful magnetic fields, as they must be safely neutralized & grounded in order to rid & carry them safely away.

### ABOUT US

Our goal is to help provide natural answers for healthy living. Because our cells are conductive & make up our glands, organs, tissue, veins, arteries and even our bones, Catie has researched and formulated many products to help protect, clean, strengthen, nourish, nurture, help heal and rejuvenate on a cellular level.

To Your Abundant Health & Blessings Always,  
Catie Wyman-Norris, ND, CNC, AMT

### Early Development

Though we are all at risk, studies have shown that developing brains are the most vulnerable. The barrier of the skull in a young child is much more delicate than that of a fully grown adult. Therefore, frequencies penetrate much easier.

## Is Your home Protected From Hazardous, Non Ionizing Radiation?

Introducing the World's Most Powerful, Patented Technology to Neutralize Harmful Electromagnetic Frequencies.

#### Man Made Non-Ionizing Radiation:

Cell Phones, Microwave ovens, Cordless Phones, Routers, Motion Detectors, Power Lines, Cell Towers, LED Light Bulbs, WiFi, Radars, HAARP Frequencies, 3G, 4G, 5G, 6G, 7G, 8G.

Natural Sources: Sunlight, Fire, Thermal Radiation

## WHY Energy Essentials EMF-X Secure?

Energy Essentials EMF-X Secure Systems contain unique, patented technology that is designed to transform hazardous, non ionizing radiation into full spectrum, pulsating magnetic fields. These magnetic fields are able to neutralize harmful electro-magnetic frequencies (EMFs), turning them into frequencies that promote a positive and healthy environment that mimics our Earth's natural magnetic field!

## What You May See in Humans & Animals

- » Improved digestion & good bacteria
- » Clearer skin
- » Better sleep
- » Reduced inflammation
- » Healthy metabolism and elimination
- » Plants often flourish in the long term with healthier soil bacteria.

## EMF-X Secure FULL Protection

EMF-X Secure Systems are available for your home, office, warehouse, car and body! Our systems are extremely powerful and offer **FULL** protection from **ALL** directions:

- » Top
- » All Sides
- » Bottom
- » Indoor
- » Outdoor

## 6 Reasons EMF-X Secure Offers the Fullest Protection

1. Neutralizes or **Mitigates disturbing EMF frequencies**- rendering them **harmless**.
2. EMF-X Secure is **Patented**
3. **Full Protection** From: (**Inside & Outside**)  
**ABOVE** – High Voltage Power Lines, Cell Towers,  
**ALL SIDES** – City Wide Wireless Internet, Work, Apartment, Home Smart Meters, Routers
4. **BELOW** -Geopathic stress, Underground Lines
5. **Grounded** to Rid Mitigated EMF's (NONE COMPARES)
6. **Antenna/Filters** – Pulls disturbing frequencies, filters & safely grounds them into the earth.
7. Replacement – “Dirty” frequencies are then replaced with clean, **regenerative frequencies** that mimic the earth's natural magnetic field. This **supports life**.

## ARE EMF'S HARMFUL?

Research shows that normal exposure to electro-magnetic fields of 60 Hertz are proven to cause many health challenges. At the rate of 60 Hertz, this makes our cells oscillate at approximately 60 cycles per second. Additional studies from Isuzu Hospital in Japan and Michigan State University have also shown that continued exposure to the alternating current of 60 Hz oscillation causes unhealthy cellular proliferation, DNA damage and can lead to increased disease. For example, our body's optimal health is found between 7 and 10 Hz. To put things into perspective, the new 5G frequency that is using cells, antennas and satellites for conductivity produces between 600 MHz (Mega Hertz) to 60 GHz (Giga Hertz),

1 GHz = 1 billion Hertz. That is about one billion times more than the body requires to remain and maintain optimal health. Unfortunately, the 5G technology is capable of reaching sixty billion times the frequency desired for optimal health to humans. Fortunately for us, the groundbreaking, patented technology of EMF-X Secure Systems renders any type of EMF radiation harmless (except X-Rays) from any source at 1 Hertz and beyond.

## Are You Affected by EMF Radiation?

Increased levels of non ionizing radiation may cause symptoms, such as:

- » Headaches & Tinnitus (Ringing)
- » Body Pains
- » Blurry Vision
- » Difficulty Thinking (Brain Fog)
- » Tingling Sensations
- » Sores or Rashes
- » Stomach or Chest Pain/Pressure
- » Digestion Challenges
